by the worldwide members of the WORLD CARGO ALLIANCE (WCA). The award was presented to Ms. Claudia Lederhofer, Director of DACO LOGISTICS GMBH by Mr. David Yokeum, President of the WCA during the Gala Dinner in the presence of close to 500 network members.

The WORLD CARGO ALLIANCE was founded in 1998 and currently operates with a network of almost 1,100 member offices of smaller and mid-sized freight forwarding companies worldwide.

It is the first time that this award was bestowed upon an Austrian company.

We wish to express our sincere thanks to our DACOLOG staff. It is their daily commitment and dedication to our partners overseas as well as to our local clients which made it possible to be elected.

The appreciation of our efforts by our peers in the freight forwarding industry overseas and in Europe certainly will motivate us to even further improve the quality of DACOLOG services in the years to come.
